# APFNDT STRATEGIC PLAN (2021-2025)

The Asia Pacific Federation for Non Destructive Testing, hereby denoted as 'APFNDT', shall adopt a four year plan which has the primary objective of serving and representing the Asia Pacific Regional groups as the ICNDT Regional Federation, in accordance with the Constitution and the gaols and aspirations of the world body as a whole.

### Purpose:

The APFNDT is a non-profit Federation, devoted to the regional development of the science, technology and practice of Non-Destructive Testing, in conjunction with individual already existing and emerging NDT Societies. APFNDT's activities are dependent on the voluntary actions of its members.

Therefore the objectives of the APFNDT are as stated herein:

### Objectives:

- 1. To direct its prime focus, to promote and support Non-Destructive Testing (NDT) at an Asia Pacific Regional Level for the benefit of the involved community in general.
- 2. Promote regional collaboration in all matters relating to NDT, organisations with interest in NDT.
- 3. Encourage the foundation, development, strengthening and cooperation of existing and new national and regional NDT Societies.
- 4. Assign the place and organisation of the APCNDT Conference to an appropriate NDT Society or group of societies of APFNDT, at intervals of FOUR (4) years.
- 5. Establish and implement membership policies of APFNDT in collaboration with Regional Groupings of NDT Societies.
- 6. Award distinctions honouring outstanding services in the area of NDT.
- 7. Promote and encourage the formulation of International standards on NDT in collaboration with the Regional Organisation for Standardisation and other standards bodies.
- 8. Promote best practices in NDT and to encourage Regional Harmonisation in this area.

Tachibana Annex Building 10F, 2-25-14 Kameido, Koto-ku, Tokyo, 136-0071, Japan

Email: <a href="mailto:secretariat@apfndt.org">secretariat@apfndt.org</a> / Website: <a href="mailto:http://www.apfndt.org">http://www.apfndt.org</a>

### Achieving the means:

As a non-profit Federation, the means of achieving these goals are specifically by:

- a) The assignation of the place and organisation of the APCNDT held every four (4) years.
- b) Maintenance of Member Contacts.
- c) The exchange of experience in the area of NDT with NDT Societies and other organisations with national or regional interests in NDT.
- d) Holding scientific lectures and issuing publications in the area of the APFNDT Constitution.
- e) The raising of necessary funds through membership fees, subsidies, other donations (including from APCNDT Organisers) and from income generated by the Federation's assets.

A Strategic Plan ensures the many opportunities available to the APFNDT are recognised and actions put in place to bring these opportunities to fruition. In the main, these opportunities involve growth, requiring a dedicated management structure of the Federation and its available resources. It also means that the APFNDT ensures that at all times, it remains focused on the primary mission statement –

"Serving and representing the Asia Pacific Regional groups as the "ICNDT Regional Federation", in accordance with the Constitution and the gaols and aspirations of the world body as a whole".

#### **Dedicated Management and Resources:**

This will be achieved with a collaborative effort from the appointed staff within the appointed APFNDT Secretariat as well as by way of the management of the APFNDT by the Executive team, the Board and also with the support of the members of the APFNDT.

### Strategic Planning for the future:

The plan should concentrate on setting out the way ahead for 2021 to 2025 to allow the annual budgets to be undertaken with defined objectives and targets, to enable the APFNDT Executive Committee (AEC) to monitor and measure performance against these objectives.

The strategic plan must be considered and the APFNDT shall:

- a) Develop its role as a key participant in international developments.
- b) Conduct its activities efficiently to produce a surplus of income over expenditure of turnover and thus maintain its reserves at a prudent level.
- Maintain strategic governance of the Secretariat and the future developments and growth.

Tachibana Annex Building 10F, 2-25-14 Kameido, Koto-ku, Tokyo, 136-0071, Japan

Email: secretariat@apfndt.org / Website: http://www.apfndt.org

The overall strategic plan for the APFNDT of the future should consider development of the following functions:

### Membership Growth:

- a) Create a member package
- b) Provide "Tangible" Benefits for membership
- c) Compare membership grades to other similar sized organisations
- d) Formulate communications and relationship building exercise with non-member Societies
- e) Implement APFNDT membership data base and run statistical review of APFNDT membership for marketing and trend analysis
- f) Auditing and approval of Societies regionally/globally

### Publishing, Media, IT and Library:

- a) Develop a marketing plan of the APFNDT
- b) Ensure printed publications become self-financing at contribution level
- c) Review costs of Publications relative to Membership subscriptions
- d) Support and develop conferences, seminar, symposia and projects
- e) Expand the use of internal information to outside parties via web minutes, agenda's etc.
- f) Ensure APFNDT has a WEB platform on which to improve current resource utilisation and grow seamlessly
- g) Ensure all new IT systems are moveable and upgradeable
- h) Ensure the backup procedure for the server is robust
- i) Establish contact systems to incorporate links to Web Platform, messaging, links to data base files etc.
- i) Look to provide an online payment method, to alleviate additional bank fees etc.

#### Standardisation:

- a) Implement transition of members societies into the Mutual Recognition Agreement (MRA)
- b) Hold an APFNDT data base of Accredited Bodies/Societies in the Region
- c) Prepare for possible changes due to ISO9712 and ISO17024

Tachibana Annex Building 10F, 2-25-14 Kameido, Koto-ku, Tokyo, 136-0071, Japan

Email: <a href="mailto:secretariat@apfndt.org">secretariat@apfndt.org</a> / Website: <a href="http://www.apfndt.org">http://www.apfndt.org</a>

### Accounts and finance:

- a) Manage all APFNDT finances and accounting
- b) Prompt and efficient collections of fees and payments
- c) Assist member Societies with finance and accounting measurement systems

### Secretariat:

With the secretariat being hosted by the JSNDI (based in Tokyo) there are obviously many areas where internal departmental targets cross over into the wishes and aspirations of the APFNDT as a whole. Therefore part of this strategic plan will be to formulate an internal JSNDI Secretariat Team, with accepted roles.

With JSNDI Secretariat staff having other roles in their day to day work, the overall Strategy will be formulated (and agreed to by the AEC) as an overall APFNDT Strategy into the distant future.

Departmental managers will be tasked with drawing up work plans alongside the other team members and with the help and guidance of the AEC, to report to the APFNDT Board as a whole on an annual basis.

Management of Accounts and financial reports will be prepared to reflect the performance of the whole APFNDT broken down into the sub groups to show contribution levels from:

- a) Membership and fees
- b) Website and publications
- c) Task groups
- d) Conferences and Symposia

Performance measurement will be used by the President of JSNDI in the construction of a formal report to be presented at each physical Full Board meeting.

### Toward the achievement of the Strategic Plan:

In order to understand and promote the achievement status of this plan, the status of activities is divided into 9 items and shown in Annex A. In addition, SWOT Analysis of APFNDT is shown in Annex B.

## ANNEX B: SWOT Analysis of APFNDT

	OBJECTIVES	Strengths	Weaknesses	Opportunities	Threats
1	To direct its prime focus on, to promote and support Non-Destructive Testing (NDT) at an Asia Pacific Regional level for the benefit of the involved community in general.	<ul> <li>APFNDT is Internationally recognised</li> <li>Can pool knowledge and share experiences</li> <li>Liaison with other organisations         <ul> <li>IAEA</li> <li>ISO TC 135</li> <li>ISO TC108</li> </ul> </li> <li>Members in other organisations</li> </ul>	<ul> <li>Modesty of resources</li> <li>Funds</li> <li>Manpower</li> <li>Not in constant contact with all of the region</li> <li>Insufficient knowledge of member wants</li> <li>Lack of educational and promotional materials</li> </ul>	<ul> <li>Modern communications, networking</li> <li>Development of press releases</li> <li>Build on member society capabilities</li> <li>New brochures and videos on NDT</li> <li>Presence in conferences for support</li> <li>Market research</li> </ul>	<ul> <li>APFNDT sometimes viewed as less important than ICNDT</li> <li>Competing bodies with more specific objectives</li> </ul>
2	To promote regional collaboration in all matters relating to NDT, including collaboration with regional organisations with an interest in NDT	Established linkages and increased recognition from organizations such as ISO, IAEA, IIW & WINS	<ul> <li>Not enough influence with IAEA or IIW</li> <li>Lack of knowledge about liaison organisations</li> <li>Lack of strong and continued representation</li> </ul>	<ul> <li>Collaborative programs and publications</li> <li>Joint workshops</li> <li>Make our own agenda</li> </ul>	Other organizations may have declining interest in NDT
3	To encourage the foundation, development, strengthening and cooperation of existing and new national and regional NDT Societies.	<ul> <li>Good track record on all aspects, 11 Full members in 4 years</li> <li>Associate member category allows access for fledgling societies.</li> <li>Some Member Societies interested in working with new societies.</li> <li>Guidance for new Societies published.</li> <li>Membership of APFNDT helps promote national societies</li> </ul>	<ul> <li>Resources to support are primarily with member societies – not APFNDT</li> <li>Small NDT Societies are financially weak and lack the resources to fulfil their roles</li> </ul>	<ul> <li>Additional geographic areas/ Regional Groups</li> <li>Offer to provide links to experts</li> <li>Provide buddy/mentors to small Societies</li> <li>Workshops for new and fledgling societies</li> <li>Develop Draft Constitutions manual for new societies</li> <li>Encourage external operations of larger societies to provide services in countries which do not have an NDT society.</li> <li>Internet provides low cost facilities to allow interactions Need more frequent communication and interaction with Members</li> </ul>	<ul> <li>Alternative to NDT Societies:</li> <li>Certification Bodies Operating in Society space.</li> </ul>

Tachibana Annex Building 10F, 2-25-14 Kameido, Koto-ku, Tokyo, 136-0071, Japan Email: <a href="mailto:secretariat@apfndt.org">secretariat@apfndt.org</a> / Website: <a href="mailto:http://www.apfndt.org">http://www.apfndt.org</a>

	OBJECTIVES	Strengths	Weaknesses	Opportunities	Threats
4	To assign the place and organisation of the APCNDT Conference to an appropriate NDT society or group of societies of APFNDT at intervals of four (4) years.	<ul> <li>Well recognised         Regional Conference</li> <li>Increasing interest</li> <li>Brings a broad         spectrum together</li> <li>Well formulated         procedures and         guidelines</li> <li>Well established         timetable         interleaving with         other Regional and         International         Conferences</li> </ul>	<ul> <li>Potential conflict in role(s) with membership societies</li> <li>Quality can be variable</li> <li>Lack of student participation</li> <li>Lack of participation by important "users "of NDT</li> </ul>	Bring in or involve other people/groups, especially outside of the NDT Community	<ul> <li>Many Other conferences:</li> <li>Regional</li> <li>Member Societies</li> <li>Materials Societies</li> <li>Industry Groups</li> <li>Modern communications, such as internet forums</li> </ul>
5	To establish and implement membership policies of APFNDT in collaboration with Regional Groupings of NDT societies.	Constitution     recognises Member     societies and     Regional Groups;     Full, Associate and     Liaison membership	Application uptake is slow	<ul> <li>New ICNDT         Structure bringing a more attractive Fee structure for smaller Societies.     </li> <li>Involve other people/groups, especially outside of the NDT Community</li> </ul>	<ul> <li>Potential drop in         Communication         between Regions or         Federations</li> <li>Narrowing visions         within Federations</li> </ul>
6	To award distinctions honouring outstanding services in the area of Non-Destructive Testing.	Defined processes in place for Awards and Honorary Membership and recognition of volunteers.	<ul> <li>Very early in APFNDT establishment</li> <li>Lack of publicity by Members, hence lack of awareness in Member Societies</li> </ul>	<ul> <li>Increased Prestige</li> <li>Recognition of efforts</li> </ul>	Competition from similar national and International awards
7	To encourage the formulation of regional standards on Non-Destructive Testing in collaboration with the Regional Organisation for Standardisation, and other standards bodies.	<ul> <li>History of cooperation</li> <li>Representation on committees</li> <li>ICNDT and ISO meetings frequently held in conjunction with APCNDT Conferences</li> </ul>	<ul> <li>Involvement largely limited to Certification</li> <li>Needs more involvement with other bodies</li> </ul>	<ul> <li>ISO responsive to ICNDT, therefore APFNDT</li> <li>Involvement in Condition monitoring growing</li> <li>More joint ICNDT/APFNDT Workshops where possible</li> </ul>	Regional or local standards may conflict with ISO

Tachibana Annex Building 10F, 2-25-14 Kameido, Koto-ku, Tokyo, 136-0071, Japan Email: <a href="mailto:secretariat@apfndt.org">secretariat@apfndt.org</a> / Website: <a href="mailto:http://www.apfndt.org">http://www.apfndt.org</a>

OBJECTIVES	Strengths	Weaknesses	Opportunities	Threats
To promote best practices in NDT and to encourage Regional Harmonization in this area.	<ul> <li>Conference presentations and interactions, both APCNDT plus Regional and national on special topics.</li> <li>ICNDT Guide on Qualification and Certification – published</li> <li>ICNDT Guide on NDT Education published</li> <li>ICNDT Guide on NDT research published</li> <li>MRA &amp; PCB and Examination Question Bank launched</li> <li>Improved Certification Body accreditation/approval process</li> </ul>	<ul> <li>Lack of         literature by         ICNDT on best         practices</li> <li>Insufficient         knowledge and         acceptance of         MRA &amp; PCB         and         Examination         Question Bank</li> </ul>	<ul> <li>Additional Guides</li> <li>Improve         Certification Board         accreditation/         approval process</li> <li>Coordination of         Regional efforts</li> <li>MRA &amp; PCBA</li> </ul>	<ul> <li>Regional or local standards may conflict with the MRA</li> <li>External Bodies operating their own schemes in Region:         <ul> <li>ASNT TC1A</li> <li>PCN</li> <li>RSNDTT</li> <li>AINDT</li> </ul> </li> </ul>
